

AAKRUTI SHARMA

Female, 23 years

aakrutisharma8@gmail.com

Phn: 08511744276

OBJECTIVE

Aspire to work under a corporate of repute which gives me the opportunity to apply my skill set in real business environment. To grow vertically and horizontally and be an asset for the company I would work with.

HIGHLIGHTS

- 1+ years of experience in software testing in web based applications.
- Experience in developing Test Cases and analyzing Test Results based on user needs and specifications documents.
- Proficient knowledge in SDLC, STLC and Bug Life Cycle.
- Excellent Verbal and Written Communication skills.
- Good Analytical Reasoning and Logic Building skills.
- Quick learner, Attention to Detail and a Team player.
- Capable of delivering tasks within stringent timelines.

PROFESSIONAL EXPERIENCE

Zeus Learning

June 2016 to Present

Software Quality Assurance Engineer

Project Details

Project	:	Discovery TEIs
Client	:	Discovery Education, US
Platform	:	Windows, MAC, iOS, and Android
Team Strength	:	6

Description

The project involved designing 170 explorations in HTML5 technology for grades-6-10 Mathematics and Science topics. The explorations were accessibility compliant. The text was externalized and the content was designed to allow room for expansion of text in other languages.

Roles & Responsibilities

- Appointed as an On Call Resource and Point of Contact for the Discovery Education Project.
- Coordinating with Zeus's Development team, Discovery's Database, Migration and QA team to test Discovery's revamped version of techbooks.
- Understanding design specs, UI/UX requirements and providing inputs for the same.
- Extensive Sanity and Regression testing on all environments to ensure high quality deliverables to production.
- Requirement Analysis: Referring specs and documents, attending wireframe and accessibility discussions, writing meeting minutes, document anomalies.
- Test Planning: Preparing test scenario, determine data requirements and test data creation, preparing checklist (Test Approach), Test Effort Estimation.
- Testing: Functionality, UI, Content, Accessibility, Localization testing, Performance Testing, Platform coverage, test script execution.
- Defect Tracking: Bug reporting, Bugs follow-up, Re-testing, Regression testing, use case testing, report generation.

Project Details

Project	: Cengage: US
Client	: Cengage Learning
Platform	: Windows, MAC, iOS, and Android
Team	: 15

Description

The project involves designing simulations for Microsoft's Office 2016, which include all the applications, from Access to Word.

Roles & Responsibilities

Creating Test scenarios with the help of functional documents.

Cross platform testing, regression testing, cross browser testing, sanity testing, functional testing, smoke testing, exploratory testing.

INTERNSHIP EXPERIENCE

- Worked for a month in **CAPGEMINI PVT. LTD. On Java with Hibernate.**
- Worked with a team in **Local Business Services.**
- Responsibilities included improving and maintaining their native dashboard created on **JSP** and **SERVLETS.**

EDUCATIONAL QUALIFICATIONS

- **Bachelor's Degree in Computer Science Engineering** from **GUJARAT TECHNICAL UNIVERSITY** with **CPI** of **7.20.**
- **HSC (CBSE Board)** in the year 2012 with **83.5%.**
- **SSC (CBSE Board)** in the year 2010 with **9.4 CGPA.**

COMPUTER PROFICIENCY

- Have applicable knowledge of **.NET,PHP**
- Programming Languages : C++, HTML, CSS, XML
- Microsoft Technologies : MS Office
- Databases : SQL Server 2000/2005
- Operating Systems : Windows, Linux, Mac and Android
- Management Tools : JIRA, Redmine

ACADEMIC PROJECTS

- Worked on a project, in final year of college, based on **ASP.NET** which is **management software for Tuition/Coaching classes** - *"The system will particularly, be a search tool for parents and students to find coaching classes which match according to their needs, be it quality needs or locality needs. Additionally, the system will also work as "SAAS model" & provide accounts to different Coaching classes and facilitate their entire process/operations starting from Registration, Fees Collection, Payment Tracking, Students Tracking and Parent Communication. Daily Student Attendance and corresponding cumulative presence reports will also be provided to all Coaching classes who use our System."*
- Worked on a static website for **BOOK CHARITY.**

ACADEMIC ACHIEVEMENTS

- Co-coordinated technical events in university **"GTU TECH FEST".**
- Done certified courses in **C++** and **Core Java** from well known academy "Baroda Institute Of Technology".
- Also presently working on certified course in **Advanced Java and ASP.NET.**
- Participated in different national level quizzes
- Awarded excellence certificate in **Group Discussion** and **Elocution Competitions** in college.
- Active member of Training and Placement cell at college – **Coordinated various training events** within college.
- Handled delegate groups from different colleges gathered in the college at different occasions. These delegates include students from Africa and Russia arrived as a part of student exchange programs

INTERESTS / EXTRACURRICULAR ACTIVITIES

- Member of Student dance troop in University level at **Parul Institute Of Technology**, Parul University

- Organized and Participated college Cultural Fest “**Dhoom**”
- Participated in university cultural fest “**Youth Fest**”
- Student editor for **School Magazine** for 4 years
- Passion for **Dancing**, Travelling and exploring new places
- I have a passion and bent for Social Service
- Novel enthusiast

PERSONAL DETAILS

- **Date Of Birth** : 10th May’1994
- **Family Details**: Mother-Working with Kendriya Vidyalaya Sangathan
Brother-Pursuing Bachelor’s of Engineering in Mechanical.
- **Languages Known**: English, Hindi, Gujarati
